MOTUS

Motus by Apure is a portable expression of architectural light.

Engineered with absolute discipline, reduced to what remains when nothing unnecessary is left. A monolithic body, wrapped in a soft-touch powder coat. Pearl Beige or Anthracite Grey. Tactile. Precise. Uncompromising in finish.

Light is not added, it is released.

A single, continuous line, perfectly resolved, defines the object. Seamless. Calm. Exact. It responds instantly to touch: on, off, dimmed with fluid precision without resistance, without distraction.

Two color temperatures, 2700K and 3000K, carefully calibrated, not chosen. Each setting defines a distinct spatial atmosphere.

Always glare-free. Always controlled. A finely tuned plexiglass diffuser ensures absolute visual comfort. No cable. No dependency. A high-density lithium power unit delivers up to 12 hours of autonomous operation-consistent, reliable, enduring.

Motus does not decorate space. It defines it.

Technical Specifications

Light Type	LED
Power (W)	2.5W
Max Output (lm)	2700K 126lm / 3000K 133lm
Wet Rating	IP54
Power Source	5vDC USB-C
Color Temp (K)	2700 / 3000K programmable

Charge Time	4-5 hours
Battery Time	10-12 hours
Battery Type	Lithium
Dimmable	Yes, Integrated
Dimming Range	5-100%

Lamp Construction

Height	9.45" (240mm)
Base Width	2.36" (60mm)
Top Width	4.33" (110mm)
Weight	2.72lbs (1,235g)

Environments

Suitable for Dry Locations

In the Box

Motus Lamp (1x)
USB-C Charging Cable (1x)
Fixture Dust Bag (1x)

Warranty

1-year from date of sale
